Dear Sir:

AMENDMENT

Responsive to the Official Action mailed August 13, 2002, please amend the above-identified application as follows:

Please amend the Abstract as follows:

ABSTRACT

B/ Conveyor apparatus for transporting objects, having a continuous circulating guided conveyor line with drivers arranged at intervals from each other, wherein the conveyor line is constructed of continuous circulating guided individual lines, each of which has drivers arranged at intervals from each other, and where the individual lines can be adjusted relative to each other in terms of their
